

Discover Sacile the Garden of the Venetian Republic and the glamour of a river tour

A tour in the historic centre of the city of Sacile with a visit to the main monuments of historic and artistic interest: the sixteenth century Palazzo Ragazzoni with the magnificently frescoed interiors, Piazza del Popolo with the fifteenth century Loggia Municipale and Renaissance buildings, Piazza Duomo, a small Venetian square which is faced by the Duomo di San Nicolò, the Chiesetta della Pietà, and the Palazzi Ovio Gobbi and Carli.

The tour is completed with a river excursion along the Livenza on the Canale della Pietà with a duration of around 30 minutes: the river current is calm along this stretch and is, therefore, ideal to enjoy the beautiful views of the elegant Venetian architecture which is reflected in the calm, clear waters of the Livenza, to admire the historic centre from a new perspective, and to enjoy the most beautiful scenery and romantic atmosphere of the many bridges.
